2010 Rally in the 100 Acre Wood National Rally
Trespassers Wil Regional Rally/100AW Regional Rally
2009 Rally America Regional Rally Championship

02 February 2010

From: Tom vonHatten, Chairman
To: All Entered and Potential Competitors

Sb: Revisions to the Supplementary Regulations and to Appendix 1 of the
Supplementary Regulations (2 attachments)

1.0 Revisions to both the Supplementary Regulations for the 2010 Rally in the 100 Acre Wood and to Appendix 1 of the Supplementary Regulations are attached to this Bulletin. These revisions involve changes to the timing for Friday's stages, and to the stage number, order, and timing for the Saturday portion of the rally.

1.1 The timing of the Friday portion of the rally was changed to minimize an unexpected problems with a local school bus route on one of the stages. This was done by delaying the rally start from the Steelville Parc Exposé by one-half hour.

Competitors and their cars will still be required to be present at the Steelville Parc Exposé no later than 2:00 PM, as per both the current Event Program listed in Section 1 and in Section 11.2.1 of the Supplementary Regulations.

Revisions have been made to reflect this change in Section 1, the Event Program and to Section 11.3.1 of the Supplementary Regulations.

1.2 The Saturday revisions were made in order to give spectators attending the Super Special Stage at Lions' Park, Potosi a better chance to meet and interact with competitors, and also to improve the overall event logistics for stage crews and marshals.

2.0 Section 1 of the Supplementary Regulations is also being revised to include the Practice Stage hours and location. This was inadvertently left out of the original version.

3.0 The changes shown in the revised Appendix 1 show that the overall distance between the first and second service sessions in Viburnum on Saturday is now slightly under 92 miles, with 31 miles of stages. Since all rally vehicles are expected to travel a minimum of 90 miles, including 45 stage miles, per Article 5.7.B.2 of the 2010 RAPRR, this should not pose a problem to competing teams. A sanction exception to Article 5.7.B.2 has been granted to the rally to accommodate this change.
