

TEAM O'NEIL RALLY SCHOOL & CAR CONTROL CENTER AWARD

Tim O'Neil, owner and chief instructor of the Team O'Neil Rally School & Car Control Center, has offered to award a two day program at the Team O'Neil Rally School to a select driver at Sno*Drift. This is a \$1,650 value and is presented as an expression of Tim's belief that, if the young privateers of today are to become the rally heroes of tomorrow, they need the support of all of us who are invested in the sport. There are certain criteria:

- The driver must run the Sno and Drift Regional Rallies.
- The driver must have a Rally America license.
- The driver must have never been a class winner at the Regional Championship Runoff.
- The driver must not be an employee of the Team O'Neil Rally School & Car Control Center
- The award will be presented to the highest placing driver using stage times as the sole scoring device.

The Sno*Drift Organizing Committee wishes to thank Tim O'Neil for his support of the future of rally in the United States.
